AN AMAZING NEW MILK

with "CREAM IN EVERY DROP"

EVERYBODY BENEFITS FROM OUR NEW VITAMIN "D" HOMOGENIZED MILK . IT IS MORE EASILY DIGESTED, HAS A RICHER, CREAMIER FLAVOR AND EVERY DROP CONTAINS FULL NUTRITIONAL VALUE

At the left are two microscopic pictures. Notice the large globules of butterfat (cream) in regular milk. Notice how these globules have been broken up and distributed in our Vitamin "D" Homogenized Milk. These broken-up fat globules tend to digest more easily and give the milk a new, creamy-rich flavor.

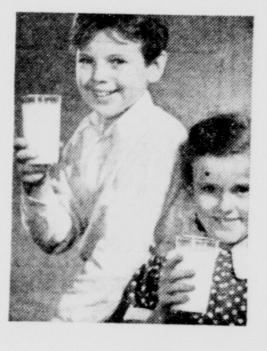

"Cream in every drop!" That's what you get in our Vitamin "D" Homogenized Milk. By a special process, we take pure, rich milk and break up the cream -so that it is evenly distributed from top to bottom of the bottle. This gives every glassful a creamy-rich flavor, tends to make it more digestible, and

gives each milk-drinker a proper share of nourishing cream. And, each quart contains 400 U.S.P. Units of Vitamin"D".

Try a bottle of this amazing new milk. Discover for yourself its many advantages, and we feel sure that you will never want to change.

ORDER VITAMIN"D" HOMOGENIZED MILK FROM ANY RIECK'S MILKMAN-OR ASK YOUR DEALER TO GET IT FOR YOU

If the child is a little bit older, the fluid is injected in a different way. In such cases the injections are given under the skin of the chest or in the back. In fact, interstitials are often alternated between the two; that is, in case there is need to repeat the treatment.

Since such a child is larger than a baby, and is going to require more fluid, and since it must be given stand to hold a container above the space between the loose skin and there is absorbed, and then it is fine turnout for the movie and

FROM ME TO YOU

Now that the football season is about all over, time and effort will be turned toward basketball as soon as Christmas*is over, the rush will really be on. But according to our way of thinking football should have made some money this year. Would like to know just how much money was spent in these United States on the game? And our local outfit didn't fail to take in a few extra lucres. Maybe some day an exact report will be made on just how much money the people of New Castle spend on football each year.

* * * Have you seen the grand prize that will be presented to the home winning the Christmas lighting contest being sponsored by the Lawrence County Garden Club? It is on display in our office here and also the prize for the winner of the popularity contest. Read The NEWS for more lengthy details concerning this great Christmastime contest.

Some folks think themselves lucky . . . one fellow who has been in business in New Castle for a number of years has sort of semiretired and is now spending the winter in Florida doing deep-sea fishing. He keeps writing back how grand it is . . . but we are content to live right here in good old Pennsylvania where Christmas this year is going to be something for the children to remem-

If you have any toys that need fixing before being in a condition to be presented to needy children take them to the Veterans of Forign Wars Headquarters and they will fix them up and then deliver them to the right needy child. Do this before it's too late. Help make Christmas happy for everyone. * * *

It seems a shame that hitch-hikers are not permitted to display

their thumbs within the city limits when people are permitted to

stand on the East Washington street bridge and at the corner of

Mill and North streets and bum a ride up the hill . . . why are we not consistant in our hitch-hiking law? Have you sent in your money for those Christmas Seals? Why not do it now when it's fresh in your mind . . By the way do you know when the first Christmas Seal Sale was held? It was held in Denmark in 1904, the outcome of an inspiration of Einar Holboell, a postal clerk . . . We people of today are going to carry on and fight that ugly monster tuberculosis . . . please buy today!
